### Social Media & The Club Charter

Dear All

It is a requirement of membership in the Southern Electric Premier Cricket League that all clubs sign up to the club charter, which outlines the leagues expectations in terms of requirements and behaviour across all divisions.

On behalf of your club, your Chairman, Secretary and Captain have signed this charter which is held on file with the league. The charter does not just apply to playing members, but all current members of your club.

Section 7 of the charter states that the club **undertakes not to publish through the media, including the Internet, derogatory comments about the League, its Officers and Committee, Umpires, Scorers, other Clubs or Players.**

For the avoidance of doubt, this includes but is not exclusive to social media sites such as Facebook, Twitter and GooglePlus.

**You should be aware that if anyone in a club breaches this section of the charter, the club will be subject to a Level 5 (£100) fine and the author of such comments would be subject to individual disciplinary action.**

We would therefore ask that all club members bear in mind their responsibility under the club charter when making comments in the media relating to games, officials, players or clubs

Yours sincerely
